

# HOME & GARDEN TOUR

Newport Harbor  
High School

March 2009

Dear Community Friends,

Congratulations! You live in a community which is home to one of the finest public high schools in the nation, Newport Harbor High School. We have a dedicated and innovative faculty and unique programs that you won't find in many other schools, public or private. Many of these programs are funded by the Newport Harbor Educational Foundation. These funds are raised in part by the Newport Harbor Home & Garden Tour. Our 12th annual event is scheduled for Thursday, May 14, 2009. We have 8 distinctive homes and gardens including one home that is eco friendly. StoneFire Grill will serve lunch at the Newport Theater Arts Center and Wohl Investment Company will host our afternoon reception at their 17th Street Promenade.

This year, the Newport Harbor Educational Foundation has committed to provide a minimum of \$500,000 to fund a variety of programs. These programs and others are available to each of the 2400 students of your neighborhood high school.

- **Academic Support Programs:** Support staffing and tutoring is provided for our AVID (Advancement Via Individual Determination), Freshman Seminar, and Study Skills programs.
- **Technology Enhancement:** Interactive learning programs such as Quizdom, a unique hand held device that helps teachers tune into a student's specific needs; Mimeo, a device that records a teacher's lectures for posting on a website, and basic instructional technology items such as Smartboards, LCD projectors, screens, and media programs. Updating of our computer labs and classroom computers as well as our school communication system.
- **Instructional Supplies:** Provide all academic departments and programs with an allocation of funds for instructional supplies.
- **Support Staff:** Provide a Nurse's Aide and a College Guidance Specialist.
- **Academic and Co-curricular Programs:** The development of new programs such as International Baccalaureate, additional Advancement Placement courses, continuing support of the school wide Mentor Program, our Smaller Learning Communities known as academies, promotion of our outstanding Field Studies Program, and award winning Culinary Program.
- **School Safety:** Volunteer Drug Testing Program, parent informational meetings covering a wide range of topics, school safety equipment, and supplies.
- **Professional Development:** Giving the teachers and staff opportunities to attend workshops and conferences to enhance their teaching skills.

Please help us to be able to continue funding these programs by supporting this year's Home Tour. Enclosed is a form which details the ways in which you can help insure a successful event. Thank you for your consideration.

Sincerely,

Chris Wilkinson, Chairman
